

Dear Ian,

The interim board of the Nuneaton Town Supporters' Co-Operative had a meeting last week regarding the current situation with the Memorial Garden. Following a discussion, we reached an agreement that it would be best for all concerned if the Football Club were to administer, develop, and maintain the Memorial Garden from this point onwards.

Anybody wishing to make use of the Memorial Garden would naturally approach the Club first, and we therefore feel it would be appropriate and practical for the Club to take control. We have all worked hard to produce the Memorial Garden and are extremely proud and happy to pass it into the safe hands of the Football Club. The Memorial Garden is rather unusual for a non-league club, and our supporters, Club, and community should be pleased with our achievements.

In other news, we have finally been able to set the date of the AGM for March 15<sup>th</sup> at Liberty Way. We have had some trouble with paperwork, but now finally appear to be back on track. Invitations will be sent out presently.

With regards to the Legends' Evening, Mary has been in touch recently. Perhaps a meeting between Mary and a couple of our members would be a good way to move things forward?

If you have any questions or queries, please do not hesitate to contact me.

Yours sincerely,

Jim Astley.

Interim Secretary, Nuneaton Town Supporters' Co-Operative.
